

# TIPS & TRICKS

TO PRACTICE SUSTAINABILITY AT UK

## GET INVOLVED

There are so many student organizations and volunteer opportunities! Check out this [website](#) for a sample of organizations working towards sustainability on campus.

## ZERO WASTE HABITS

There are many ways to reduce your waste while on campus! Refuse single use plastic, shop second hand, recycle right, and take part in [UK Recycling's](#) many programs!

## EDUCATION

UK has countless majors, minors, classes, and research related to sustainability. Check out this [resource](#) to learn more about what's offered at UK.

## TAKE ACTION

Sustainability overlaps with many social and environmental justice issues. Take action by educating yourself on current issues, sign petitions, be an ally, and show up!
