

*The Covid-19 pandemic has had a tremendous impact on our campus and community. The people of UK Facilities Management remain the “boots on the ground” for UK, providing the essential services needed to keep our campus safe, secure, and positioned to respond to the evolving crisis. The strength each of you demonstrate daily is inspiring and represents such courage and compassion. We are in this together and we will get through it together. **Thank you for everything you do.** – Mary Vosevich, Vice President for Facilities Management*

OUR PEOPLE. ————— OUR STORIES.

Coming together to get it done! Over the weekend, we received word that our nearly 400 classrooms needed to have masks available for instructors to distribute to students who forgot to bring one with them. Members of our team, as they always do, answered the call for help and showed up before 7am on Monday morning and converted several rooms on the second floor of Peterson into assembly lines and more than 700 bags with more than 7000 disposable masks, while other teams delivered them to more than 350 classrooms. At left (from L to R) **Charlie Weber, Stephen Drury, Harold “Tree” Sandford,, Dan Shank** getting it done.

GREAT JOB TINA MARTIN, MCPPD painter! Last week, Tina completed a refresh of the Pulmonary Diagnostic Lab (PDL). Following completion of the job, MCPPD leadership received this note from the supervisor for the PDL: *“I just wanted to convey to you what a terrific job Tina Martin did in painting our large testing room in Pulmonary Diagnostics. Tina was professional and mindful of our space as a patient care area. The staff and I just wanted to make sure Tina received recognition for a great job and exceedingly pleasant interaction. Tina’s work completely changed the look of the room. This previously rather care-worn space is now a room in which patients can feel comfortable and staff can be proud to bring a patient into for testing.”*

Don't forget your daily 4.0!

WEAR A MASK

WASH YOUR HANDS

PHYSICAL DISTANCE

DAILY SCREENING

Our Students are back and the fall 2020 Semester is underway. Here are some great photos from UK Marketing from the [first day of classes](#). All members of the community are asked to remember a simple idea: **Protect. Respect. Do your part.** As part of those efforts, all students and **employees** who come on to campus are required to complete a COVID-19 screening, every day, seven days a week. Completion of this screening is necessary to remain in compliance with university policy.. The daily screener is quick and easy. It takes less than 3-5 seconds if you don’t have symptoms. **Any employee with an on-campus work assignment will receive a daily email with instructions for completing the screening. If you do not have regular access to email, your supervisor will provide a paper copy of the screen.**

#MASKUPCATS!

Last week, everyone in Facilities Management received a t-shirt promoting one of the most important things we can do to protect ourselves and our community: **MASK UP.** These are meant to be worn any this week and any Friday thereafter. Let’s fill up our Friday photo collage with pictures of our team wearing these shirts (and masks). Submit photos to shane.tedder@uky.edu by midnight on Thursday.
