

## OUR PEOPLE.

## OUR STORIES.

## Communicating our reinvented normal has been a team effort!

The pandemic has changed so much on our campus and Facilities Management has been at the front of the efforts to communicate these changes. Our teams have helped design, map, print, fabricate, and install more than 40,000 signs to help the campus community safely navigate these uncharted waters. Photo Friday this week is dedicated to this work. **GREAT JOB TO EVERYONE INVOLVED IN THESE EFFORTS!**
