

*The Covid-19 pandemic has had a tremendous impact on our campus and community. The people of UK Facilities Management remain the “boots on the ground” for UK, providing the essential services needed to keep our campus safe, secure, and positioned to respond to the evolving crisis. The strength each of you demonstrate daily is inspiring and represents such courage and compassion. We are in this together and we will get through it together. **Thank you for everything you do.** – Mary Vosevich, Vice President for Facilities Management*

OUR PEOPLE.

OUR STORIES.

Facilities Management Medical Center (FMMC) provides a full range of engineering and facilities management support to the entire UK Healthcare Enterprise including all of the healthcare-associated colleges and research facilities. **Our department is a team of over 230 facilities management professionals**, including architects, licensed professional engineers, skilled tradespeople, facilities technicians, dispatch operators, project management team, custodial services technicians, and support staff. Our mission is to provide and maintain an optimal physical environment focused on patient safety and conducive to our patients' care and their families. **This week is National HealthCare Facilities and Engineering Week and FMMC is celebrating with a full week of events including trivia and prize drawings.** We also will feature stories from FMMC this week to highlight their important work.

National Healthcare Facilities & Engineering Week is an opportunity to acknowledge and celebrate these professional members of our healthcare delivery team and their daily contributions. Ensuring our facilities' infrastructure, utilities, and physical condition are maintained and operated safely, efficiently, and effectively is a vitally important component of ensuring **UK Healthcare remains the #1 healthcare system in Kentucky.**

NATIONAL HEALTH CARE FACILITIES & ENGINEERING WEEK OCTOBER 25-31, 2020
