

*The Covid-19 pandemic has had a tremendous impact on our campus and community. The people of UK Facilities Management remain the “boots on the ground” for UK, providing the essential services needed to keep our campus safe, secure, and positioned to respond to the evolving crisis. The strength each of you demonstrate daily is inspiring and represents such courage and compassion. We are in this together and we will get through it together. **Thank you for everything you do.** – Mary Vosevich, Vice President for Facilities Management*

OUR PEOPLE. ————— OUR STORIES.

Facilities Management teams are working together this week to deploy exterior signage across the campus that provides guidance to help keep our community healthy. At left, **Larry White** (Electrical Shop) and **Daniel Pingleton** (Plumbing Shop) install exterior decals produced by **Chris Harrison** and the **FM Sign Shop** team using a map prepared by **Maureen Dreckman** and the **FIS** team. Close to 100 of these decals will be installed.

In addition to the surface decals, FM is placing approximately 200 yard signs to remind the campus community to **STAY RIGHT** on campus pathways and to maintain physical distancing in outdoor gathering areas. At left, students **Sophie Beavin** and **Carlie Martindale** (both Graduate Assistants with the Office of Sustainability) work on installing these signs.
