

*The Covid-19 pandemic has had a tremendous impact on our campus and community. The people of UK Facilities Management remain the “boots on the ground” for UK, providing the essential services needed to keep our campus safe, secure, and positioned to respond to the evolving crisis. The strength each of you demonstrate daily is inspiring and represents such courage and compassion. We are in this together and we will get through it together. **Thank you for everything you do.** – Mary Vosevich, Vice President for Facilities Management*

OUR PEOPLE.

OUR STORIES.

Gwen Ross, Custodial Supervisor for the North Campus Team, was celebrated by the UK Women's Volleyball team during their match on Friday night as part of a new program called *Hidden Figures*. This program, inspired by a similar initiative at LSU, was developed to highlight individuals whose work “behind the scenes” is critical to providing student-athletes the opportunity to compete and succeed at the highest levels. Gwen is the first recipient of this recognition at UK. During a break in UK's 3-0 sweep of the LSU Tigers, UK Athletics announced the new program and highlighted Gwen's contribution to their success through her work leading the custodial team responsible for Memorial Coliseum. The graphic at above was displayed on the scoreboard and Gwen, accompanied by family and colleagues, received a round of much deserved applause from the fans in attendance. Gwen has worked at UK for 31 years and has served as the supervisor to the North Custodial Team since 2004. She was also recently named Acting Superintendent for Custodial Services. **Congratulations, Gwen, on this much deserved recognition and thanks to everyone in Facilities for the work you do “behind the scenes” everyday to ensure the success of our students.**

**PROTECT.
RESPECT.
DO YOUR PART.**

DON'T FORGET YOUR DAILY SCREENINGS

Employees who come to campus for their work assignments are required to complete a COVID-19 screening, every day, seven days a week, regardless of how many days per week they come to campus. The daily screener is quick, easy, and takes less than 3-5 seconds if you don't have symptoms.

Any employee with an on-campus work assignment will receive a daily email with instructions for completing the screening. If you do not have regular access to email, your supervisor will provide a paper copy of the screen.
