

OUR PEOPLE. ————— OUR STORIES.

Photo Friday – News Quiz Edition – Round 3

A new, interactive take on our Friday Photo Collage inspired by the popular NPR show *Wait Wait Don't Tell Me*. Each of the photos below is numbered and includes a caption with a portion of the story behind the photo and a question. The missing information was included in a story in a Facilities Daily Newsletter within the last two weeks. How many can you answer without looking back? Submit your answers to shane.tedder@uky.edu if you would like to be entered in a contest with prizes TBD.

The Avenue of Champions has been resurfaced and restriped. What is the purpose of these unusually shaped intersection markings at the corners of Lexington and MLK? From Issue 250 - 4.6

He was a native of Taylor County (that is my home county too!) and served as a University administrator for 23 years. What is this gentleman's name and where is this portrait located? From 250 -4.6

Area 1 Supervisor and master electrician Patrick McAlister found and reported this water in the electrical room for the Singletary Center. Where did the water come from? From Issue 251 - 4.7

Top soil being applied to a former building site on campus. What building(s) used to occupy this space? From Issue 252 – 4.8
