

OUR PEOPLE. ————— OUR STORIES.

Photo Friday – THANK YOU KY meal

UK Dining hosted a free lunch for the campus on Wednesday, April 28th as a way of saying thanks for the grit and resilience of the UK community in the face of COVID-19. VP of Facilities Management Mary Vosevich stopped by Champions Kitchen and caught these candid characters enjoying the much deserved gratitude and recognition. “We are almost at the end of an unprecedented academic year that tested our resilience and grit as a community and as humans,” said Pulkit Vigg, resident district manager for UK Dining. “This event provides us an opportunity to thank our campus community for the extraordinary courage and kindness while fighting this pandemic with a farm to fork inspired feast featuring local Kentucky farmers.”
